BYLAW AMENDMENT BALLOT

A majority of our membership recommended that these changes be referred to International ADSC. They have reviewed, and approved the proposed changes. Now, it is time for the WCC to make our final vote on this matter.

The purpose of these revisions is primarily for housekeeping and to bring Chapter practices in line with Bylaw Policy. Additional information has been sent to all members several times, this information is available for your review – if you'd like to look at it one more time before voting, just let Becky know.

One vote per company; members must be "in good standing".
